

## BEAVER.

Miss Lida B. Ely returned to Forest Grove on the 22nd, well pleased with the improvements she found in Tillamook.

Otto Johnson has enlarged his farm; he owns two houses now on Beaver.

Mr. Cox is getting on nicely with his building; his family expect to move in soon.

Three new settlers have moved to Beaver, one of them was preparing the timber for his house last week. He will build close to Mart Bush's house.

Charlie Johnson has a nice crop of potatoes this year.

John Bush has made a nice opening in the woods this summer between his house and Mr. Jensen's.      BETHESDA.
