

WOODS.

The fishermen at this place are making large catches and are finding a ready sale and good prices.

Woods in fact is taking a boom and it is only a matter of time until it will be one of the best cities on the coast.

Mr. Woods' new house is almost completed, when finished it will be one of the finest residences in Tillamook county.

Woods has a new Doctor, C. E. Linton of Amity; he is evidently a rustler and we predict for him a successful business.

The firm of Weatherly and Findley have dissolved partnership, and Mr. Findley left for Portland the 9th to lay in a large and general supply of goods for the fall and winter trade.
