

HEBO.

Our shoe-maker has plenty of work,
Spring crops are about all in; so are
the bees.

Lorenzo Willey is getting along well
since the amputation of his leg.

Messrs. Crook and New have arrived
on their claims on Three Rivers.

A Sunday school was orgaized at Three
Rivers, with Rev. Barret as superintend-
ent, E. H. Stone, assistant, May Willey,
chorister; Millie Jenson, secretary and
treasurer.

A corresbondent from this place stated
that Mrs. Bixby died at the age of 88,
but should have read 38. Correspondents
should write figures and proper names
very plain.
