

## NESTUCCA.

Nestucca is settling up very fast, and many ranches are being well improved. The town of Woods on the bay is enjoying a substantial growth and many of the farmers in the vicinity have good and comfortable dwellings.

The Nestucca country is better fitted for stock raising and dairying than any thing else, but there is some rich bottom lands where farm products yield abundantly.

Bee-keeping is a profitable industry here, and is destined to become one of the chief industries of Nestucca. Whenever orchards have been planted, the trees thrive, and fruit-raising can be carried on as successfully here as in any part of Oregon, without a doubt.
