

## ORIENTOWN.

---

Last week Messrs. A. and L. Commons killed two panthers, which their dogs had treed on the Dundas place. The oldest one measured about  $8\frac{1}{2}$  feet; the other was half grown.

If there is any one in Tillamook Co., or elsewhere, desirous of a good location for a general merchandise store they will find Little Nestucca, at the present time, greatly in need of one. Until within a year there has been two stores, both of them saying well. One closed on the death of the owner; the other, which belonged to the cannery, on account of that property being about to change hands.

Mr. Bently is still very sick but it is hoped that with careful nursing, he will soon be brought back to health again.

We notice many improvements in the shape of buildings and fencing.

J. B. Upton is still confined to the house on account of declining health.
