## WOODS.

---

Mrs. John Kullong has been very sick, but is improving.

Thanksgiving was very quiet here. A number of our people went to Oretown to the Thanksgiving supper at Mrs. Christensen's.

Harrison Booth has bought Mr. Yocum's cattle and feed, and it is reported that Mr. Yocum has sold his farm to some Portland parties.

A number of farmers in this section are intending to try hop culture. We are glad to see people interested in some new industry and think this section as well suited for hop culture as any in Oregon.
